

Representation Policy

Background

In accordance with best practice the Fund has established a policy on representation of scheme members and non-administering authority employers on its Governing Bodies (Pensions Committee and the Local Pensions Board) detailing its approach to representation and voting rights for each party.

Pensions Committee

The City of Wolverhampton Council's Pensions Committee have delegated responsibility to undertake the role of the Scheme Manager in accordance with Section 4 of the Public Service Pensions Act 2013.

The Committee is responsible for exercising all of the functions that are required as an Administering Authority for a Local Government Pension Scheme under the Public Service Pensions Act 2013, adhering to the principles required by Statutory Guidance, The Pensions Regulators (tPR) Code of Practice and performing the duties set out in the Terms of Reference for the Pensions Committee as detailed in the Administering Authority's Constitution [available, on it's website.](#)

Members of the Pensions Committee are accountable for all the Fund's activities and are responsible for ensuring that the Fund is managed in the best interest of all its employers, members and beneficiaries (employees of the public sector employers within the West Midlands region).

The membership of the Pensions Committee consists of;

- Ten City of Wolverhampton Council elected members who are nominated by the Full Council at the Annual Council Meeting. The Chair and Vice Chair of the Committee are appointed annually from these members by Full Council.
- Six District Council elected members, one representative from each of the six Metropolitan districts within the Fund (Birmingham City Council, Dudley MBC, Coventry City Council, Sandwell MBC, Solihull MBC and Walsall MBC).
- Four Trade Union 'member representatives' invited from the three main trade unions of the Administering Authority and nominated by their respective Union.

Elected members sit as full members of the Committee with debating and voting rights on all matters presented. Trade Union representatives are invited to sit on the Pensions Committee as observers on behalf of pension scheme members. Therefore, they may participate in debate and have the same access to papers, meetings and training opportunities but hold no voting rights. Trade Union representatives are invited to participate in training events in order to assist in informing debate.

The quorum for the Pensions committee is five, to include at least one elected member from Wolverhampton City Council and one Metropolitan District Representative,. Trade Union representatives do not count towards quorum however, every effort is made to ensure at least one individual is in attendance for each meeting.

Pensions Board

In accordance with Section 5 of the Public Service Pensions Act 2013 and under regulation 106 of the Local Government Pension Scheme Regulations 2013 (as amended), the Fund have established the West Midlands Local Pension Board (The Board). The role of the Board is to assist in the good governance of the scheme through the monitoring of Fund performance.

The Pensions Board has 12 members, six employer representatives and six members representatives and is structured as follows;

- Five Employer Representatives, five officer seats, from each of the category of employers within the Fund.
- Five member representatives invited from three main trade unions of the Administering Authority, the number of seats for each trade union are based on the membership from the administering authority. Trade Union members are nominated by their respective union.
- Two elected member seats, one employer representative and one member representative selected by the Administering Authority at the Full Council meeting at the beginning of each municipal year. In line with statutory provisions, an elected Councillor who sits on pensions board, cannot also sit on the Pensions Committee and must be a member or employer representative.

Each member of the Board has a right to vote on matters brought before it. The nominations to Chair and Vice Chair are appointed to annually, with a rotation of employer and member representatives each year.

The Fund has established a Local Pensions Board appointments process, [available here](#) which details its approach to appointing members of the Board, brief details are outlined below:

- The Fund seeks nominations to two of its seats, one employer and one member on a biennial basis, this is to ensure fairness of representation and allow for natural movement within the Board whilst retaining the knowledge and experience of the group.
- The process for selecting which seats are up for nomination is determined at the Board meeting in January and should be instigated as follows;
 - Members who have been unable to adhere to their responsibilities with regards to attendance and training.
 - Vacant seats (including vacancies which may arise before the end of the year)
 - Rotation based on length of service, one from each group.
- As detailed above, member representative nominations are invited from the three main trade unions at the administering authority.
- Employer nominations are invited through communication with the Fund's employer base, following formal advert and recruitment to the Fund's employer contacts. The Fund endeavours to ensure it has representation across the different employer types including education authorities, local authorities scheduled bodies and admitted bodies.
- In accordance with the appointments policy an appointments panel is convened to agree nominations.
