ANNUAL UPDATE

As administrators of the West Midlands Integrated Transport Authority Pension Fund, we have provided this publication to update you on the position of the Fund as at 31 March 2010

The Fund continues to see a general market recovery in investments held, compared to the period last reported back in 2009.

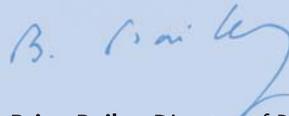

Although the value of the Fund's assets has no bearing on the pensions paid to members, there is understandably some interest that the value of Fund investments is maintained to keep a healthy balance between assets and liabilities. You'll be aware that all the Local Government Pension Scheme (LGPS) funds across England and Wales are, in any event, guaranteed no matter what the financial markets bring.

As you may recall from previous pension updates, the Fund is independently valued every three years. As part of the process, the Fund's actuary assesses the employer contribution rate required to ensure the Fund is adequately funded.

The Fund is, along with other funds in England and Wales, currently going through the valuation process. Any revisions to employer contribution rates will come into effect from the 1 April 2011, but will not be known until end of the year.

Should you wish to check the latest position of the LGPS or wish to view further Scheme literature, the Fund's website has a wealth of information for members old and new.

As ever, if you wish to ask us any related questions about the information provided, or if you wish to take advantage of the new communication initiatives mentioned, a complete list of contact details are provided on the back page of this update.

The site contains details of any consultative documents along with details of how you can comment on any proposals being put forward for the LGPS.

SERVICES FROM THE ADMINISTRATOR

NADINE PERRINS CHIEF PENSIONS SERVICES MANAGER - OPERATIONS

The Fund aims to provide a wide range of services; some are tailored specifically to the requests that we know member have from time to time, such as surgeries and face to face meetings. Others, such as annual benefits statements, are specifically designed to fulfil the statutory obligations of the Fund.

We will, however, ensure that not only is this obligation fulfilled, but it is done in a way which not only meets your expectations but will hopefully exceed our expectations as well.

As someone who is relatively new to the role of Chief Pensions Services Manager - Operations, I understand only too well the concerns members of the LGPS have, in ensuring that their investment in the LGPS is valid and secure. None of us know how the Government may wish to develop the provision of pensions. But, rest assured, as the inevitable changes do take place, we will do our utmost to ensure you are kept informed.

Meanwhile the benefits you have already attained within the LGPS are safe and secure. They are guaranteed by statute which means that regards less of stock market performance or investment returns the value of your benefits is secure.

We have recently changed our approach to the way in which we deliver the services we offer, with more specific resource being placed in Communications and Marketing. This will enhance the face to face enquires of members and presentations provided to assist a member's understanding of the intricacies of the Scheme. Member Services has also been redefined – this we hope will have a positive affect not only on the way you view the services we provide, but will also expand the range and depth of services provided.

As always we would welcome any comments on the service that you receive from us. Please feel free to write to me personally at the usual address with any comments you may have.

LUMP-SUM DEATH BENEFITS

How to make a lump-sum nomination

You should notify the Fund of whom you would like the lump-sum benefits to go to by filling in a nomination form. You can nominate whoever you like to receive the lump-sum: friends, family, partners, even an organisation such as your favourite charity.

You are strongly advised to complete a lump-sum nomination form (<http://www.wmpfonline.com/pdfs/forms/nomform.pdf>) if you haven't done so previously.

Completing a form allows the Fund, in the event of your death, to make a payment to your nominated person(s) as quickly as possible. Even if you have previously completed a form, but it has been some time ago and your circumstances have changed, you may therefore wish to reaffirm your wishes by completing a further form that leaves no doubt as to your intentions.

Nominated cohabiting partners (NCPs) - making a nomination for a partner pension

Remember that to nominate your partner, you must have been a

member of the LGPS on or after 1 April 2008, ie, if you left before then, you cannot make a nomination. We will only pay a pension to an NCP as long as certain qualifying conditions have been met. More details are on the form that you need to complete.

For more information about this and to print off the nomination form please visit the Fund's website (<http://www.wmpfonline.com/pdfs/forms/cohabnomform.pdf>) or ring our helpdesk. The number is shown on the back of this statement.

COMMUNICATION OF THE LGPS

Pre-retirement seminars

The Fund's communication and marketing staff organise several pre-retirement seminars throughout the year at venues across the West Midlands, including our own conference suite at Mander House. If you would like to attend one of these events, look out for details of up and coming events on the Fund's website at the following address: <http://www.wmpfonline.com/seminars/>

If you feel that you and a group of colleagues would benefit from a presentation about the benefits provided by the LGPS, contact the Fund's Communications team who will be happy to assist you.

Depending upon the type of presentation selected, the Fund will provide the appropriate literature and supporting material as required to reinforce the information given on the day.

Presentations are built to allow members to participate in a 'question and answer' session at the end.

The Fund also welcomes interest from trade unions and can, if requested, present to union officials an update on current Scheme regulations and the benefits the Scheme provides.

IMPORTANT INFORMATION

The Pensions Act 2004, the Social Security Act 1990 and the Pensions Act 1995 created a framework of national organisations to control occupational and personal pension schemes.

The Pensions Advisory Service (TPAS)

TPAS can normally deal with your problems by explaining your rights and responsibilities. TPAS is the official organisation that you should contact first if you have a pension dispute which you have not been able to settle through the internal disputes procedure. As they are advisers they cannot force pension schemes to take certain action.

To contact TPAS, you can write to your local adviser or to:

The Pensions Advisory Service (TPAS)

Pensions Ombudsman

The ombudsman settles disputes and investigates complaints which TPAS has not been able to settle. He can also settle disputes of facts or law for company and personal pension schemes. The ombudsman's decision is final and binding. He cannot investigate matters where legal proceedings have already started. You must refer your complaint to the ombudsman within three months of the event. The ombudsman is at the same address as TPAS.
